## Story of Success

### Case study of Sarala Nepali

My name is Sarala Nepali. I am 24

years old. My permanent address is Jhimrung Rural Municipality ward no-6, Torwang, Pyuthan District, Province no-5, Nepal. In my family we were 7 persons, My mother, father, one brother and 4 sisters. I belong to poor family therefore in order to family livelihood my parents worked as labour in the village. The income of my parents was not sufficient for family livelihood. So, we did not get opportunity to go to school except my brother but he used to go to school and we used to go work as laborers in the village every day that would help my parents to meet daily need of my family but the labour work used to be so hard and was not get regularly. After some times when I was 19 years old one day one of my neighbours sister said me that lets go to city with me where to be get the job and then asking some money with one of my friends parents. I came at Butwal. And then I was staying in Butwal Bus station. After some time a sister came towards me and said where are you going sister and from

where did you come? and I said her that I came here to do job. And my sister is coming here to get me now she has been gone in a hotel to ask about work for me. And then she thought and said me that do you want to learn any skill development training after earning the skill you could earn money you self. There you also get the facility of loddging and fooding and I thought that it would be good for me and she also said that the organization where she was working was conducting micro credit programme after completion the training. The organization would provide the programme for me. And I decided to learn skill development training and then I went in the grace shelter home with the sister where other sisters also were there. When I got there I knew that the sister was the staff of ASSN. And i lived there until six month. I learn sewing and cutting and embroidering training there and after six month. And after completing my training ASSN gave me Rs. 20000 Nepalese rupees as micro credit. After that I bought a sewing machine with the money and started a sewing shop in Butwal-12 Dhawa. Now I am running the shop and the income is satisfactory but till now I am unable to pay return the loan money to the ASSN because the rent of my home is so high and the expenditure is high to live in city because of the high cost of things. I got this great opportunity due to the bless of God so, I would like to give heartly thanks to the ASS.
